

## TAKE ACTION Keep Our Freeways Toll-free!

On October 26, 2009, the Metropolitan Planning Organization (MPO) will vote on whether or not to remove 281 and the most congested segment of 1604 from the toll plans. That's also when it will vote whether or not to fund and fix them as non-toll FREEways. None of the other segments of 1604 are toll viable, so killing these two segments is killing two birds with one stone...the other toll plans for our existing freeways will be buried under their own weight.

### TWO ACTION ITEMS!

- 1) Call your **city, county, and state elected representatives** to demand the non-toll fix to 281 & 1604, especially those who sit on the MPO Board.
- 2) Help us **PACK THE HOUSE** at the October 26, 6:00 PM meeting (location to be announced, likely Alzar Shrine Temple). Sign-up for email alerts at [www.TexasTURF.org](http://www.TexasTURF.org) to stay informed.

### Here's the list of those who need calls:

*Especially these four...*

Senator Jeff Wentworth (210) 826-7800  
Commissioner Kevin Wolff (210) 335-2313  
Councilman John Clamp (210) 207-7276  
Councilman William Weeper (Councilman for City of Selma who represents Northeast cities like Converse, Universal City, Schertz, Live Oak, etc. on the MPO) (210) 651-6661

### These folks plan to vote against the tolls.

#### Encourage them to stick with us...

Mayor Julian Castro (210) 207-7069 (*He's not on the MPO, but greatly influences the City appointees and the City's voting block, 6-8 votes out of 19*)  
Commissioner Chico Rodriguez (210) 335-2611  
Councilman Reed Williams (210) 207-7086 (*\* He & the mayor are the key to the City's voting block*)  
Councilman Ray Lopez (210) 207-7065  
Councilwoman Jennifer Ramos (210) 207-7064

### Good Guys Leading the Charge!

Commissioner Tommy Adkisson (210) 335-2614  
Representative David Leibowitz (210) 372-0759  
Mayor Chris Riley (Mayor of Leon Valley, representing the Council of Cities) (210) 684-1391 x216
